

J. GUADERRAMA
GIVEN 5 YEARSJesus and David Found Not
Guilty in Killing Gar-
lick and Russell.

Jesus Guaderrama was found guilty of murder in the second degree and given five years in the state prison by the jury in the 14th district court Friday afternoon. Jesus and David Guaderrama, who were also on trial in connection with the killing of Texas ranger Scott Russell and deputy sheriff W. H. Garlick, were found not guilty and will be released at once.

Russell and Garlick were shot and killed in a store owned by the Guaderrama brothers near the smelter. This was the second trial of the case, as the jury disagreed in the first trial and was discharged. The jury retired at 1:15 Thursday afternoon and were reported to have been standing six and six until 10:30 on Friday, when they agreed on the verdict of guilty in the case of Jesus.

Ten days were consumed in getting a jury and trying the case. The case was taken up on Monday, June 7. All that day and the following day were required to pick a jury from some 400 men summoned. The case went to trial on the 9th and the taking of testimony consumed one week. Arguments were begun Wednesday afternoon and were completed at 5 o'clock Thursday night, when district attorney W. W. Bridges closed for the state.

In his charge to the jury Wednesday, special judge W. D. Howe instructed the jury to bring in a verdict of guilty in the case of David Guaderrama.

MRS. SPENCER'S ELECTRIC
HAS RIGHT WHEEL BROKEN
Thursday afternoon Mrs. Frank Spencer's electric coupe was damaged on Montana street when the right front wheel was broken near Sam Houston square. The car was towed to the garage for repairs.

Several weeks ago Mrs. Spencer had the left front wheel damaged when it collided with the curb in front of the Masonic temple on West Missouri street.

TWO HELD TO U. S. GRAND JURY IN SMUGGLING CASE
Frank Amatore and Michael Hennessey, who were arrested Thursday by federal officials on a charge of receiving smuggled liquors and selling cigars upon which the tax had not been paid, were given a hearing Friday before United States commissioner George B. Oliver.

The two were bound over to the action of the October grand jury in the sum of \$1000 each.

SAYS MEDIATION
IS THE WAY OUTBryan, in Last of Series,
Tells How He Thinks War
Can Be Terminated.

Washington, D. C., June 18.—Former secretary of state Wm. J. Bryan, in the third and concluding section of his statement, "the causeless war," issued today, suggests mediation as "the way out." As a preventive of war, Mr. Bryan proposes universal extension of his investigation commission and peace treaty plan.

"Mediation," the former secretary says, "is the means provided by international agreement through which the belligerent nations can be brought into conference; time for investigation of all disputes is the means by which future wars can be averted and the cultivation of international friendship is the means by which the desire for war can be rooted out."

In elaborating his plans for restoration of peace Mr. Bryan urges: "That neutral nations crystallize sentiment in favor of peace into a cohesive force and offer mediation jointly or separately; that the warring nations join in a treaty to provide for investigation of every dispute that may arise, no matter what its character or nature; that a world wide educational movement to cultivate a spirit of brotherhood among the nations be inaugurated; that the final task of the advocates of peace."

"Great nations cannot be exterminated," says Mr. Bryan. "Predictions made at the beginning of the war have not been fulfilled. The British did not destroy the German fleet in a month. Germany did not take a step in two months, and the Russian army did not eat Christmas dinner in Berlin. But even if extermination were possible it would be a crime against civilization which no nation or group of nations could afford to commit."

When War Can End.
Mr. Bryan continues: "When can peace be restored? Any time now, if the participants are really weary of this war and ready for it to end. If any nation is not ready, let its ruler state in clear, distinct and definite terms the conditions upon which it is willing to agree to peace; then, if an agreement is not reached, blame for continuance of the war will be upon those who make unusual demands."

Let U. S. Offer Mediation.
In proposing mediation the former secretary of state points out that the "Hague" convention expressly declares an offer of mediation shall not be considered an unfriendly act, and adds: "The duty of offering mediation may

MEXICAN OIL COMMISSIONERS IN U. S.

Standing (left to right)—Engineer Jose Vasquez Schaffner, Luis F. Seaman, private secretary to Senor Roubin, and Senor Ignacio Moran.
Sitting (left to right)—Engineer Modesto C. Rolland, Engineer Pastor Roubin, subsecretary of the Treasury, and Senor Don Salvador Gomez, chief clerk of the Mexican bureau of mines and mineral oils.

The technical commission sent by "first chief" Carranza to the United States to study the oil industry is now in Washington laying the foundation for its work. During the last few days the commission visited the various government departments having to do with the handling of petroleum, including the geological survey, the bureau of mines and the interstate commerce commission.

The members of the commission are unanimous in expression their pleasure over the manner in which they have been received by the American officials and at the hearty cooperation given them in their efforts to work out a solution of the problems facing Mexico, now the third greatest oil producing country of the world.

In discussing the objects of the commission to study the oil industry of the United States, the largest of the neutral nations and the one most intimately bound by the tie of blood to all the belligerents. The United States did make an offer immediately after the war began, but why not again and again until our offer or some other offer is accepted? But our action or failure to act need not deter any other neutral nation from acting. This is not a time to stand on ceremony, if any other country for whose peace we care, what the reason may be—in a better position than we to tender its good offices, it should not delay a moment."

thoroughly investigated to propose laws and regulations to be enacted for the future development and protection of the industry, in an endeavor to make it profitable for the owner, the country and its government.

"After the careful investigation made by this commission in the oil fields of the Mexican gulf coast, some propositions could have been advanced as a basis for regulatory laws; but Mr. Carranza wished to give such legislation as will govern the industry in the future further consideration. To that end he directed that the commission should not confine itself to the study it had made in Mexico, but that it should proceed to this country in order to make a study of the laws concerning the oil industry in the United States."

MORE CRUISERS ARE
MOVING ON YAQUIS

San Diego, Calif., June 18.—U. S. cruisers Chattanooga and Raleigh are today steaming southward, following admiral Howard's flagship, the Colorado, toward Tobari bay, on the Yaqui delta. The vessels are moving to the relief of American and other foreign settlers whose lives are threatened by 3000 hostile Yaqui Indians. Esperanza, 80 miles southeast of Guaymas, is the chief danger spot. The Indians are reported looting the entire valley, which they are endeavoring to regain for themselves. The cruisers can land 1500 men for operations against the Indians.

THE COURTS.

41ST DISTRICT COURT.
P. R. Price, Presiding.
A. Herrick vs. R. D. Camp and H. P. Jackson vs. Camp, filed.

State of Texas vs. Estevan Lesaca, seduction; filed.

Something Rarely Heard Of.
You will admit that you have seldom ever heard of an Everett Piano being offered at a reduced price. And it is therefore significant to learn that there is one of these rare opportunities now at hand. Everett Pianos at a reduced price. During the past several seasons we have loaned on several occasions brand new Everett Pianos, both Grands and Uprights, and on account of the valuable advertisement that we received therefrom we are offering you the benefit of same with reductions on some as much as \$100.00. And they are absolutely the same as new. Sold on monthly payments if desired. The Everett, which today represents "One of the Three Great Pianos of the World" has for the past 15 years been known to stand this "DRY" climate absolutely, having been sold continuously by the El Paso Piano Co., W. R. Schuch, Prop., 268 Texas St., The Oldest and Strictly "ONE PRICE" Piano House in El Paso. Mail orders will receive careful attention. As there are only 5 Everetts offered at these reductions, we suggest early action.—Advertisement.

SOAP IS BAD
FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary milled coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky. Bright, lustrous, fluffy and easy to manage.

You can get milled coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.—Adv.

MEXICAN CHARGED WITH
ROBBING FELDMAN STORE

Charged with theft in connection with the robbery of the Feldman company's store, Antonio Revilla was held to the grand jury Thursday afternoon and his bond fixed at \$500.

The Feldman store was robbed of a number of pistols.

All Babies Destined
to Great Achievement

To be born is to be great. For there are possibilities in every tiny human infant. And for this reason every one should remember that whatever is done to aid the mother, to relieve her of distresses during her trying months, will surely be of marked benefit to the child.

Among the sterling aids is a splendid external remedy known as "Mother's Friend." It is what is called an emollient. It is applied to the abdominal muscles, gently rubbed in by your own hand guided by your own mind. It makes the muscles pliant, they expand quite naturally and the effect upon the nerves is such that they adjust themselves to the process of expansion so that pain from this source is almost eliminated. Women who use "Mother's Friend" refer to the absence of morning sickness, they are relieved of a great many minor distresses, all apprehensions disappear and those peculiar nervous "spells" no longer disturb the night. It is well named "Mother's Friend." Get a bottle today of any drug store. Then at once write for a most enlightening and instructive book for all prospective mothers. Address: Bradford Regulator Co., 465 Lamar Bldg., Atlanta, Ga.

The Doctor's
Advice
by Dr. Lewis Baker

The questions answered below are general in character, the symptoms or diseases are given, and the answers will apply in any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Hillwood St., Dayton, O., enclosing self-addressed stamped envelope for reply. Full name, and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesale.

and permanent relief in the use of three grain sulphur tablets (not sulphur). They aid digestion, overcome constipation and clean and tone the blood.

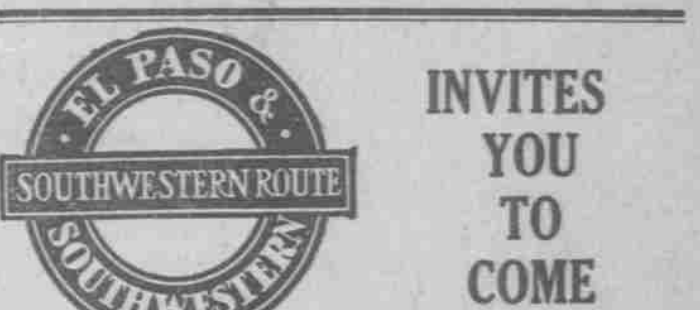

"Daisy Farber" writes: "I wish I could find a safe and sure antidote cure which contains no alcohol nor grease. My custom is to always ask for something of this kind."
Answer: Plain yellow mineral is the only thing I could suggest which would meet these requirements in a hair tonic. It is a most reliable treatment for dandruff and itching scalp. A few treatments should overcome the most stubborn case of dandruff.

"Berth" asks: "May I decrease my size without injury to my health? I am too portly."
Answer: Yes, you will find a safe and sure flesh reducer in the use of five grain sulphur tablets. I recommend these most highly, and patients report gratifying results.

"W. N. E." writes: "Up until a short time ago, I never knew what it was to be tired. I could do any work and attend to my social duties like a man should. I required very little sleep and was like a 'two year old.' Always felt good, never worried, but now my condition has changed. I'm no longer the man I used to be, and I'm very much alarmed about my health. I feel like I could faint from sheer exhaustion."
Answer: You have allowed your system to run down. Too much worry, dissipation or too much work, and not enough rest. Start now using three grain cadumers tablets. These are highly recommended and wonderfully effective. They should restore your bodily functions and your brain to new life and strength.

"Lesley" writes: "I am nervous, have headaches, and am always constipated. I feel weak and tired and ache all over. My complexion is peevish looking and my tongue coated. Please tell me what to do and what is the matter."
Answer: Your blood is impoverished and impure and unable to nourish the tissues and nerve cells over the body. You'll find quick

TWINS BITTEN BY CAT;
TAKE PASTEUR TREATMENT

Austin, Tex., June 18.—Jeanne and Pricie, the 4 year old twins of Mr. and Mrs. George Wood, have just been brought here and placed in the Pasteur Institute, where they will be given treatment for hydrophobia, the result of having been bitten by a cat.

Suspecting that the cat may have been afflicted with rabies, Mr. and Mrs. Wood had the animal shipped alive to the Pasteur Institute for examination. The examination disclosed that the cat was affected.

OAKLAND MAN VALUES
ONE EYE AT \$50,000

Alleging that he lost the sight of one eye, Jacob Garik of Sacramento, Calif., has filed suit in the 55th district court against the Southern Pacific for \$50,000 damages.

The accident is alleged to have occurred on June 15, 1914, at Oakland, where he was employed by the company as car repairer. He was cutting a nut, he alleges, when a piece of steel struck his eye, rendering it sightless.

STATE CANNOT PAY CASH
FOR GOODS; MUST PAY MORE

Austin, Tex., June 18.—Because it is practically certain that Texas will go into a deficit by September 1, the state will have to pay higher for supplies purchased by the purchasing agent for the state institutions, including the eleemosynary institutions.

It is stated today that the state will not be able to pay for supplies contracted for on September 1, the beginning of the new fiscal year, until about February 1, 1915. State contractors will accordingly be forced to discount their warrants in order to obtain the cash from the banks. The discount by banks on the state warrants will range from 3 to 4 cents, based on the probable length of the deficiency period.

With the exception of about \$100,000 to be collected in July and August from liquor dealers who are renewing their licenses little or no revenue will be received by the state until next year.
